Dear HR Manager

Subject: Application for the software Developer Intern at Cognizant.

I am writing this letter to express my interest in the Software Developer Internship position at Cognizant. I am a FY BTech Computer Science student at MIT Academy of Engineering with a strong interest in Web developement (Full Stack developement). I am confident that my skills, passion, and education in software development align well with your requirements, and I am excited to contribute to the success of your team.

I am a motivated and eager computer science student with experience in a variety of programming languages, including Java, Python, and C++. I have worked on several projects, including developing a web-based application, mobile app and a software to automate data analysis. My strong problem-solving skills, combined with my attention to detail, enable me to quickly understand complex issues and develop efficient and effective solutions.

I am a motivated and eager computer science student with experience in a variety of programming languages, including Java, Python, and C++. I have worked on several projects, including developing a web-based application, mobile app and a software to automate data analysis. My strong problem-solving skills, combined with my attention to detail, enable me to quickly understand complex issues and develop efficient and effective solutions.

I believe that the hands-on experience and guidance provided by the internship at Cognizant will be a great opportunity for me to further develop my technical skills, as well as enhance my ability to work in a team environment. I am eager to learn and apply new technologies and methodologies, and I am confident that I can bring fresh ideas and new perspectives to the table.

Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to the success of your team at Cognizant.

Your's Sincerely,

Girish Lohkare
